# Ruaidrí Ó Giolláin

## Front End Web Developer

### About me

---

I'm a 28 year old web developer from Ireland. I pride myself on my teamwork and eagerness to learn. I mix practicality, interactivity and art to create web Applications.

### Experience

---

#### Communications International Group 2019-current

Senior Software Developer  
Lead front end developer in building a new framework using Laravel, Semantic UI, AWS. Worked closely with UI Designer and back end developers to create a network of sites for England's pharmacy sector. Improved SEO rating by 90% on lighthouse. 100% response time on client bug report resolution.

#### Freelance Web Development 2018-2019

Experience working for a variety of clients, time management, project management, client relations, outsourcing and visual problem solving. During my time freelancing, I have had time to develop skills in design and development

#### KIT Training and Consulting 2018

IT support, web developer and maintenance

### Education

---

#### IADT 2015-2018

BSc in Computing (multimedia authoring and web engineering)

#### Trinity College Dublin 2013-2015

Computer Science

### Skills

---

#### HTML, CSS & Javascript

The foundation of every web application, I have spent the past 8 years working with these languages in every project I have developed. This includes frameworks such as Node.js, bootstrap, and using APIs such as Stripe

#### PHP

Any professional web application I have developed that requires back end coding has been written in PHP, giving me 5 years of experience with the language

#### MySQL

I have built all my databases using MySQL, including Well Red's

#### AJAX

Used in several web applications to communicate between back and front end

#### React

3+ years of use in private and commercial work.

#### Java

Building Android applications using Java in Android Studio

#### Wireframes

I have built wireframes using Azure for 3+ years

### Clients

---

#### Well Red

Transformed a small business operating out of a local shop into an online school supply business that delivers to schools and teachers all across the country.

#### KIT-tc

Before leaving college, started development on this consulting companies website. Once completed I was brought on as an in house IT support and maintenance employee.

#### Various Freelance developments
